ABOUT US

Who We Are

BricketX Project Management L.L.C. (BricketX UAE) is a licensed Dubai mainland company delivering project management, advertising and business consultancy services to businesses across the UAE. Headquartered in Business Bay, Dubai, we bring three essential business services together under one accountable team.

Most companies juggle a technology agency, an outdoor media buyer and a business consultant, each with separate contracts, priorities and reporting. BricketX replaces that fragmentation with one partner, one agreement and one point of contact, taking every engagement from strategy to measurable results.

Company Snapshot

Vision

To be the UAE's most trusted partner for businesses that want to deliver, promote and grow with confidence, all through one accountable team.

Mission

To help businesses in Dubai and across the UAE turn plans into measurable results by combining disciplined project management, high-visibility advertising and practical business consultancy, delivered with transparency, accountability and respect for every client's budget.

Our Values

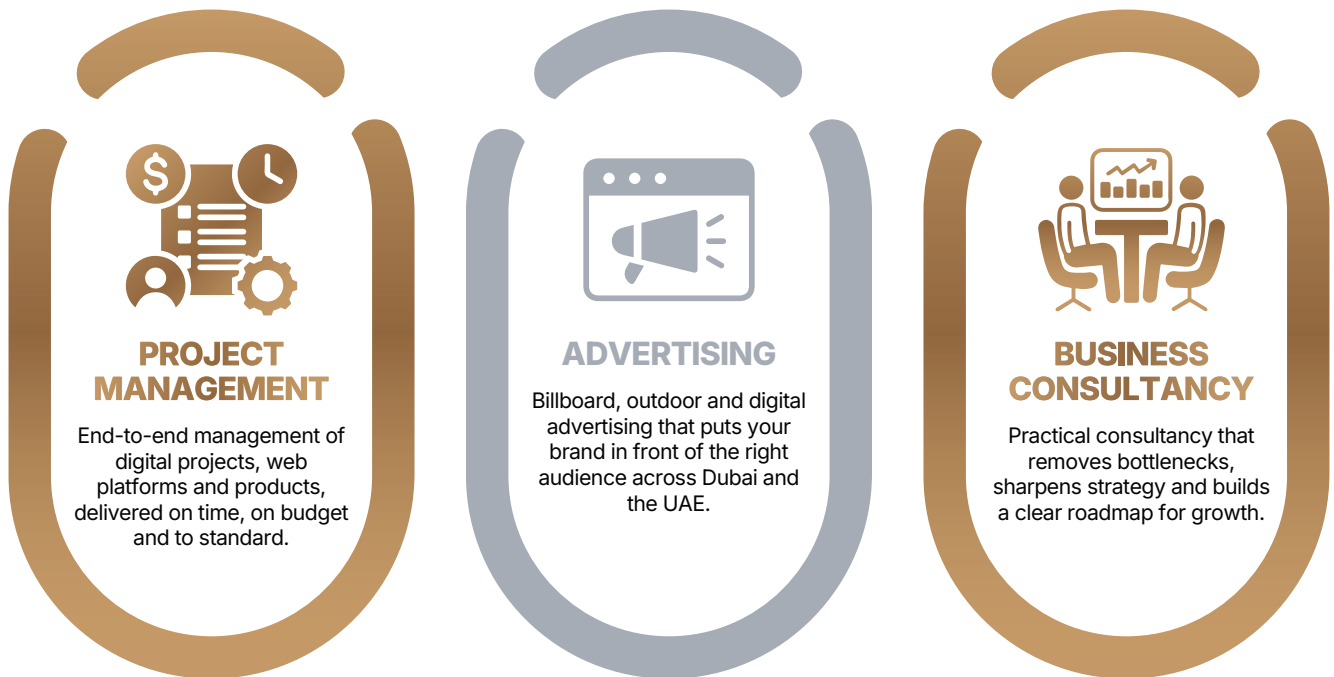

- **Accountability:** We own the outcome, from first brief to final delivery.
- **Transparency:** Clear plans, honest updates and no hidden costs.
- **Discipline:** Milestones, budgets and quality standards we stick to.
- **Practicality:** Real-world solutions, not theory or generic templates.
- **Partnership:** Direct access to senior leadership, not junior hand-offs.

WHAT WE DO

Our Three-Pillar Model

BricketX brings three connected services together, so your projects, your marketing and your business strategy move in the same direction.

Why an Integrated Model Matters

Launching a new platform, promoting it with billboards and digital campaigns, and improving the operations behind it can all happen together. With BricketX, the right experts work as one team under one agreement, so nothing gets lost between vendors and every decision supports the same business goal.

SERVICE 01

Project Management

Project management services in Dubai for digital and technology projects.

BricketX is a project management company in Dubai that takes digital projects, web platforms and technology initiatives from plan to live launch. One accountable team manages scope, timelines, developers and stakeholders at every stage, so your project is delivered on time, on budget and to the agreed standard.

What's Included

Service	What We Do
Digital Project Management	Planning and managing websites, platforms and digital initiatives from kickoff to launch.
Product Development Management	Guiding products and MVPs from idea to market-ready release.
Technology Project Planning	Scope, technology choices, budget, risks and a realistic roadmap before any build begins.
Project Execution & Delivery	Day-to-day coordination of developers, vendors and stakeholders using agile sprints.
Quality Assurance	Functional, performance and user acceptance testing before every release.
Project Support & Maintenance	Post-launch support, updates and maintenance to keep systems running smoothly.

THE OUTCOME

Projects delivered with clear milestones, controlled budgets and full visibility, from discovery to post-launch support.

SERVICE 02

Advertising

Advertising agency in Dubai for outdoor and digital campaigns.

From billboards on Sheikh Zayed Road to Google Ads, SEO and social media, BricketX puts your brand where your customers are looking. We plan, create and manage campaigns that combine outdoor visibility with measurable digital results, and turn attention into real leads for businesses across the UAE.

What's Included

Service	What We Do
Billboard Advertising	Location, permits, production and installation for Dubai billboards.
Outdoor Advertising (OOH)	Mall, metro, bus, taxi and other out-of-home formats.
Digital Marketing	Integrated online campaigns across search, social and display.
Social Media Marketing	Content, community management and paid social across key platforms.
Google Ads	Search, display and performance campaigns focused on qualified leads.
SEO Services	SEO, answer engine and AI search optimization, including Arabic SEO.
Branding & Brand Strategy	Brand identity, positioning and messaging that sets you apart.
Media Buying	Planning and buying outdoor and digital media at the right price.
Campaign Management	End-to-end management of integrated marketing campaigns.
Lead Generation	B2B and consumer lead generation, optimized for cost per lead.
Creative Design	Arabic and English creatives for billboards, screens and social.

THE OUTCOME

Outdoor, digital and creative, managed by one team, with transparent reporting on impressions, clicks and leads.

SERVICE 03

Business Consultancy

Business consultancy in Dubai for strategy, operations and growth.

Our business consultants work with owners and leadership teams to find what is slowing growth, cut unnecessary costs and build a clear, practical roadmap forward. We focus on strategy and operations, supporting mainland and free zone companies across the UAE.

What's Included

Service	What We Do
Business Strategy Consulting	Market and competitor analysis, go-to-market plans and clear strategic direction.
Operations Consulting	Reviewing how your business runs and improving performance and efficiency.
Process Optimization & SOPs	Mapping workflows, removing bottlenecks and documenting standard operating procedures.
Business Analysis & Feasibility	Feasibility studies, pricing and profitability modeling for new and existing ventures.
Digital Transformation Consulting	Roadmaps for adopting new technology and modernizing operations.
Change Management	Stakeholder alignment, training and support so new ways of working actually stick.
Growth & Strategic Advisory	Ongoing senior guidance for expansion and scaling decisions.

THE OUTCOME

Clear strategy, leaner operations and measurable growth, backed by practical roadmaps rather than generic reports.

HOW WE WORK

Our 4-Step Process

Every project, campaign and consultancy engagement follows the same clear process. Each step ends with a defined output, and payments are linked to milestones you can see and approve.

Steps	Phase	What Happens	Key Output
Discovery	Discovery & Feasibility Review	We review your goals, budget, team and any permits or regulations that apply, then agree on clear milestones.	Project brief, risk assessment, budget estimate
Planning	Planning & Resource Allocation	We turn the brief into a working plan: sprint schedules, media plans and permits, or an improvement roadmap.	Approved timeline, resource plan, milestone agreement
Execution	Delivery & Coordination	Our team manages the work day to day, coordinating developers, vendors, media partners and stakeholders.	Progress reports, testing, quality checks
Handover	Launch, Training & Support	We verify everything works, train your team, report on results and offer ongoing support.	Handover documents, SOPs, results report

How We Keep You Updated

Service	What We Do	Who's Involved
Daily	Team check-ins to resolve blockers quickly	Project lead & delivery team
Weekly	Progress and budget update	Your key contact & BricketX project lead
Every Two Weeks	Milestone review and quality sign-off	Your decision-makers & BricketX leadership
Monthly	Results review and next-step planning	Your leadership team & BricketX leadership

WHY BRICKETX UAE

Why Businesses Choose BricketX

- **Everything Under One Roof:** Project management, advertising and consultancy under one agreement, so nothing gets lost between teams.
- **Your Budget Stays Protected:** Payments tied to approved milestones, with quality checks before each new stage begins.
- **Direct Access to Senior Leadership:** Experienced decision-makers lead your reviews and briefings, not junior account managers.
- **Based in Dubai, Built for the UAE:** A licensed Dubai mainland company that understands local business practices and advertising permit processes.

Typical Agencies vs. BricketX

Area	The Usual Problem	How BricketX Solves It
Accountability	Separate vendors work in isolation and blame each other when deadlines slip.	One team takes full responsibility from first plan to final delivery.
Budget Control	Open-ended retainers and hourly billing slowly eat into budgets.	Payments tied to approved builds, creatives, or permits.
Communication	Irregular updates; problems surface when they are expensive to fix.	Fixed reporting and one point of contact, with early issue flagging.
Permits & Launch	Advertising permits are left to the last minute, delaying launch.	Permits planned early to keep launches on schedule.

Our Commitments

- **Confidentiality:** NDAs available on every engagement to protect your data and ideas.
- **Clear Agreements:** Written agreements under UAE law with defined scope and deliverables.
- **Transparent Pricing:** Clear, itemized proposals with no hidden costs.
- **Bilingual Capability:** Arabic and English creative and communication.
